

# WHAT YOU SHOULD KNOW ABOUT EPS

## 490 EPS RECYCLING LOCATIONS IN NORTH AMERICA

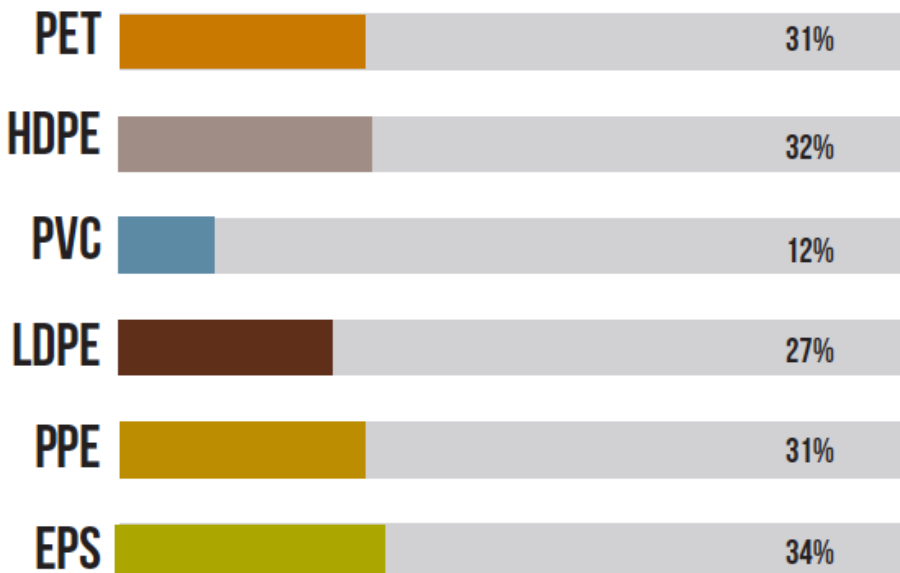

Get details on local collection events through the EPS Industry Alliance Recycling Facebook page.

## RECYCLING RATE FOR ALL SOLID WASTE IN THE UNITED STATES

# 34%

Plastics are recycled at the following rates in the United States:

EPS holds the best recycling rate of plastics in the United States. However, the benefits of EPS do not stop with recycling. Across the board, environmental impacts are lower than you imagined:

- Low carbon footprint
- Reduced transportation weight
- Reduced transportation fuel
- Reduced damage rates
- Durability & performance
